SYNOPSIS

INTERVIEW INSTEAD OF THE INTRODUCTION

Interview with the author why she decided to wrote the book although she is not the original author of this wisdom.

Chapter 1 - Eternal Laws

This chapter describes the most important laws working on the material and non-material level - the Law of Gravity, the Law of Homogeneity, the Law of Completing a Unit, the Law of Reciprocal Action, the Law of Movement and the Law of Equilibrium.

Chapter 2 - The Universe

The division of the Universe into several levels from the viewpoint of their different density - the Gross Material and Ethereal Worlds. The journey of the soul after death.

Chapter 3 - **Karma**

“What a man sows that shall he reap!” Everyone has to bear the consequences of his past deeds. How does the Law of Reciprocal Action influence the development of man?

Chapter 4 - **Free Will**

Life is not determined solely by fate. Man has free will to decide about his actions. He is continuously being helped from higher levels.

Chapter 5 - **The Animistic Realm**

The level of Creation above the Gross Material and Ethereal Universe is described. This sphere permeates all material levels as well. Dwarfs, fairies, nymphs, Greek and Roman gods and other beings are dwellers of this realm.

Chapter 6 - **The Spiritual Realm**

The basic cycle of the development of the spirit of man, the change from the unconscious spirit-germ to a conscious spiritual personality that enters the “ Kingdom of Heaven”. The names of all human spirits are recorded in the Book of Life.

Chapter 7 - **The Creation of Man**

How are children connected with their parents and how are they attracted to their future family even before birth? What does it mean to be “expelled from Paradise”?

Chapter 8 - **Distorted Souls**

The view on emancipation in the light of Spiritual Laws. The complementing of male and female activities creates a balance on Earth. The distortion of this balance and the consequences.

Chapter 9 - The Man

Original mission of the man, what mistakes has he allowed in his development? What is he supposed to develop within himself, to become a true man?

Chapter 10 - The Woman

How the woman has succumbed to the serpent temptation? The real target of the womanhood in the Creation is not only the maternity.

Chapter 11 - The Creator and His Realm

The idea of God from the materialistic and idealistic viewpoint, God's work. In majestic beauty, above all levels of Creation towers the Divine Realm - the eternal level of Creation. Beings in this realm.

Chapter 12 - The Primordial Spiritual Realm

"Let there be Light!" or the creation of the Primordial Spiritual Realm. The influence of the Primordially Created Primordial Spirits on the development of man. The most important primordial spiritual levels.

Chapter 13 - Tempter

Lucifer, the source of evil. He was originally sent by God to help people through thoughts - the intellect, in the Material World, but he "fell" and created the present day chaos in the world. Due to his negative influence the Earth sank into the darker regions of God's Creation, and so entered the path of premature disintegration.

Chapter 14 - Darkness and how it Works

The working of the Dark Principle in various areas of life - in spiritual teachings, earthly laws, health services, culture, education, sport, in the upbringing of children, etc.

Chapter 15 - The Son of God

The promise about Savior's coming, the life and the mission of Jesus. Was his crucifying a sacrifice or a crime?

Chapter 16 - The Son of Man

Jesus prophesies coming of a Mentor and a Comforter, who links onto His teaching. Not all two thousand years after Jesus's death He really came to Earth.

Chapter 17 - The book sealed off from outside

The book, which has provided so far the most complex explanation about the universe, God, destiny and problems of mankind. Apart from that purifies Christian teaching of the dogmas, that have been preserved for long time.

Chapter 18 - Eternity

The development of the spirit-germ of man, his maturing into man and the danger which he faces in the time of the World Judgement. The consequences of the sinking of the planet Earth into the path of disintegration. The disintegration of the planet is manifested as Darkness in economy, finance, social affairs, politics or world religions.

Chapter 19 - The Star of the Son of Man, Prophecies

The circulation of basic power in the Creation stagnates. The Creator sends to the mankind prophecies as a notice and warning, so He protects them by spiritual knowledge from the consequences of their actions.

Chapter 20 - The book sealed off from inside

Everything is upside down, is hard to recognize what is true and deception, political unstableness, natural catastrophes, confusion. In this chapter based on the biblical sayings from Mathieu's Gospel or John's revelation, will reader learn about the world judgment progress as it was predicted by them. Completion of God's secret.

Chapter 21 - New mankind

Spiritual development of man can be compared to school. By his living on Earth undergoes important trials, which determine whether he may advance on or must repeat the trials. How to overcome the negatives and develop our character properties.

Interview instead of the conclusion

Detection of author's origin and the purpose of her mission.
